Atlantic Fleet To Stop At Trinidad For Tomorrow's Celebration Of Christmas.

HOW HOLIDAY IS USUALLY SPENT

Sailors Have Big Dinner And Games Both On Shore And On The Ship-Special Dinner Is Always Prepared.

New York, Dec. 24.—Twenty-two thousand men of the American navy will spend their Christmas aboard the great battleship fleet in the harbor of Trinidad, where the ships were scheduled to arrive today. The holiday will be a striking contrast to the old-fashioned Christmas in the land of the free, but it will be a merry Christmas nevertheless. If there is any class of American citizens who have particularly deep love for the American Christmas and all that it symbolizes, it is the officers and sailors of Uncle Sam's navy. Probably this enthusiasm for the joyous holiday is due to a great measure to the fact that the seafaring man, no matter what his station, has and infinite amount of sentiment in his make-up. Yuletide season, when the waters of the gold build, as well as the jackets, become little boys grown tall in the order of their preparations for arousing celebration. In reality Christmas in the navy begins at noon on December 24, for, as a rule, all work stops at that time, and the hum of preparation is heard from the fore-cabin to the quarter-deck. The "midway," as the ship's kitchen is called, is a center of activity, and, as a special concession, granted but once a year, cooks are allowed to keep their fires going all night long. This is a virtual necessity, for cakes and pies must be baked by the whole

date. These parties, together with apples and oranges, constitute prominent features of the blue-jackets' Christmas treat, and only a cook who has been through the mill can appreciate the courtesy of the appetites of a crew of 500 or 600 husky sailors. Christmas morning on a warship is very much like Sunday in that all the usual routine of the ship is omitted. During the forenoon a religious service is held on each ship on which there is a chaplain. At noon occurs what is, in the eyes of the blue-jackets, the most interesting event of the day. This is the Christmas dinner. Before the men take their places the captain, accompanied by his chief of floor, receives an invitation from the crew to visit their mess. He views the decorations, partakes of enough of the "goodies" to make him, in many instances, for the moment to envy his subordinates, and exchanges the greetings of the season, with the lady who stand behind him for "light or frolic." The banquet to which the rank and file sit down is seldom inferior to the repast which is later served to their officers. Dozens of nimble wits and willing hands labor for days before

Think This Over

There are lots of people in the city who are wearing crowns in their mouths for which they have paid an even ten dollars each.

That's all right. If one couldn't do better, but when you stop to think that for exactly half that amount you may now get exactly the same work by choosing Dr. Richards for your dentist.

It becomes a matter of simple justice to your own purse to think twice before you repeat the offense.

There are dentists in Chicago who charge \$35.00 an hour for their time. And there are others—just as good operators—that do not get half that fee.

It's all in the nerve of the dentist how much he thinks you pay him for his services.

Dr. Richards has built his present large practice upon the theory that "The best work coupled with reasonable prices will win out in the end."

Dr. Richards says:

"If you can show me a single point of superiority of these \$10 crowns over my \$5 crown."

I would be glad to know it. I am willing to be convinced.

But I declare to you, I have compared them day after day as I see them in my patients' mouths.

And I know what I am talking about.

It makes no difference whether you pay \$10 or \$5.

You got the same crown.

Consult Dr. Richards and save your hard-earned money.

JANESVILLE PRIEST NAMED FOR BELOIT

Rev. Eugene McCarthy Appointed to Organize West Side Church in Line City.

Rev. Eugene McCarthy of this city, who now has charge of the Holy Trinity church, has been appointed by Archbishop Messmer of Milwaukee to Beloit, where a church on the west side of the river is to be organized. The assignment of at least one hundred families are needed before the new church can be formed but it is expected that they can be easily secured as St. Thomas church is a long distance from the west side and there are enough Catholics in the Line City for two churches. Immediately after the organization steps will be taken toward the erection of a church building. Already a site has been offered by the McGavock family, but whether it will be accepted is not yet known. It being some distance from the business portion of the town, friends of Father Hanz, assistant to Father Ward, in Beloit, are circulating a petition asking the head of the diocese to appoint him in place of Father McCarthy.

PECULIAR ACCIDENT TO BROWNTOWN MAN

Farmer Gets Face Filled with Powder from Old Muzzle-Loading Gun.

Edward Meacham, a farmer living near Browntown west of here, had his face and right eye filled with powder Saturday morning through an accident with an old muzzle-loading gun. He went out to kill a beef and loaded an old gun which had not been used for some time intending to shoot the animal with it. The nipple, through which the flash from the cap is communicated to the charge, had evidently rusted out and when the gun was discharged the powder forced back into his face filling it and his right eye with powder. The cap also burst the skin about the eye. The injured man was brought to Janesville last evening and Dr. Thorne worked over him for about two hours taking the powder out of his face. Most of the powder in his face was removed this morning. While the powder burned the eye directly over the right it is thought by Dr. Thorne that the right eye can be saved and that Mr. Brown will lose the use of his eye for a time only. Whether or not the beef was killed by the discharge is not known.

Hodge Sanitarium and Rest Cure

985 North Main Street

ROCKFORD, ILLINOIS

WE HAVE A

Leucodescent Violet Ray Electric Light

AT OUR SANITARIUM

From the New York and Chicago Tribunes

In an effort to effect rapid cures of certain diseases the surgeons at the New York Skin and Cancer hospital, at Nineteenth street and Second avenue, are experimenting with the leucodescent light, discovered by Dr. William Seaman Bainbridge, the eminent specialist who is a visiting surgeon at this hospital. The leucodescent light used has 500 candle power and is made intensely strong by parabolic reflectors.

Surgeons who have experimented with the light are wonderfully impressed with its power. They say it relieves pains of almost any kind. In the treatment of acute indigestion surgeons say it has accomplished great results, benefiting the patient in a few minutes after it has been used.

The surgeons are puzzled, however, in determining whether the curative powers are in the rays of the light or in the heat emitted from the bulb. The light focussed on the seat of the pain producing a congestion of the skin which immediately increases the blood supply. "The combination of the light and heat," said one of the physicians, "is evidently the cause of the mysterious healing."

Mrs. Thos. Dowles, of 217 South Main St., Janesville, Wis., says: "My husband used Doan's Kidney Pills for kidney troubles and backache and found more relief thereby than from any of the other remedies he used for the trouble. Since using one box, obtained at the People's Drug Co., he has entirely recovered from those attacks of backache and weakness which had bothered him for a number of years. The continuous dull pain used to make him helpless, particularly when getting out of a chair or stooping to pick up anything. Before he used your remedy, it was almost impossible for him to regain an upright position without using some support. He has not been troubled in this way since using Doan's Kidney Pills."

Nature put the power there. It is a wonderful flesh-producer. This is not only a matter of nourishment but of new vigor and activity in the tissues.

None Worse.
A Scotch minister had been away on a vacation, says a writer in Punch, and on his return asked the sexton how all had gone in his absence. "Very well, indeed," was the cheering response. "They do say that most ministers leave some one worse than themselves to fill the pulpit when they go away—but you never do that, sir."

HART ACCUSATION IS FILED

MINNEAPOLIS ATTORNEY IS ACCUSED OF MISCONDUCT.

Letters to Chief Justice Start and Gov. Johnson Are Declared to Be Insulting.

St. Paul, Minn., Dec. 24.—The accusation against Francis H. Hart, the Minneapolis attorney who recently attacked the supreme court in letters to Chief Justice Start and Gov. Johnson, was filed Monday by E.H. Southworth of Shakopee, secretary of the board of law examiners. It is a lengthy document, and the charge against Mr. Hart is willful misconduct as an attorney.

After quoting extensively from Mr. Hart's letter to Chief Justice Start and Gov. Johnson, Mr. Southworth characterizes the whole as insulting and tending to create distrust in the court. He says:

"That on and about the seventh day of December, 1907, said Francis H. Hart conspired and published a long letter over his own name as author and formally addressed to the chief justice of the supreme court by name and official title, which letter was couched in insulting and contemptuous language, and purposely so worded as to cause those persons who might read said letter and believe the statements, charges and insinuations contained therein, to doubt the honesty and integrity of said court, the justices composing the same and of certain district judges in the state."

A gross breach of ethics, Mr. Southworth declared, was Mr. Hart's action in permitting a simultaneous publication of the letter in the newspapers with the sending of the same to Chief Justice Start and Gov. Johnson. He states that he believes the whole thing prepared for newspaper publication rather than submission to the court itself.

Gov. Johnson has not made public the names of the five judges who will sit in judgment on Mr. Hart. He said the list was in preparation, but that owing to the fact that their acceptance would have to be secured by wire some delay would result.

**MERRY CHRISTMAS**

The trade of the Christmas season has been very satisfactory and many friends have expressed a desire to take advantage of the sale inaugurated several days ago. Some remarkable values in Suits and Overcoats were offered and many have expressed a desire to partake in this sale. Therefore we have decided to continue the sale until the first of the year and invite all to pay us a visit.

"The store that makes good" has been our motto, and we cannot help but feel that the people have made good with us in the amount of patronage we have received. We appreciate this deeply.

A Word to the People

We, as part of the great multitude who go to make up the American People, have much to be thankful for. Thankful that our great country is gradually getting down to a saner view of things and people are taking time to think. Probably we all need to be brought down to earth occasionally. The severe criticism of the President by many public men since his announcement that he would not accept a third term sounds very much like 'I told you so.' It's easy to criticize, but it takes a strong man to DO THINGS at the right time. The people of Janesville have reason to be thankful that conditions here are so healthy and that the financial stringency has been felt but little. We are thankful for the liberal trade we have enjoyed, and hope to merit the continued confidence of the people by "keeping the quality up," as usual—therefore we wish to now formally thank all who have contributed to our Great Christmas Business.
